

GET PAID FOR POLITICAL CHANGE!

Motivate Democracy. Unstoppable.

[CTO] FULLSTACK SOFTWARE ENGINEER (F/M/*), FROM NOW ON IN BERLIN

tl;dr looking for a technical lead / fullstack software engineer #cto #fullstack #mobile #js #reactive #distributed #blockchain #opensource

WE...

... are a highly motivated diverse team with the aim to facilitate and encourage political participation. What we want to build is an inspiring and captivating app that brings democracy back into the hands of everyone, together with a world wide standard for blockchain based voting protocols.

YOUR TASKS: YOU WILL...

- ... be the technical lead for this software engineering project
- ... lead a team of highly motivated designers and developers through the whole process
- ... be in touch with a worldwide network of opensource developers and blockchain experts
- ... be engineering mobile software including white and yellow paper specifications
- ... develop open-source apps for mobile devices that empower citizens to participate in democracy

YOUR PROFILE: YOU...

- ... want to make democracy handy again
- ... are willing to commit to a non-profit community project
- ... have technical lead or start-up experience
- ... love to think outside the box (don't take this a slogan)

YOUR SKILLS: YOU...

- ... are an experienced fullstack software engineer
- ... know reactive programming with javascript, meteorjs, webthree, or similar libraries
- ... have heard about distributed ledgers, blockchain, ipfs or similar technologies (nice-to-have)
- ... know ethereum, solidity and have written smart contracts before (really-super-nice-to-have)

WE OFFER

- ... a motivated, pragmatic, harmonic team
- ... campaigns to create huge impact
- ... offices in the heart of Berlin (Kreuzberg)
- ... a hub to the worldwide network of experts working on what we do
- ... full- or part-time, local or remote work options
- ... flexibility and a very humane approach to work (non-hierarchical, social, cooperative)

GET IN TOUCH!

- ... drop us a line at hello@appstimmung.de
- ... or surprise us in our offices in Kreuzberg!
